

Understanding the Budget

CITY OF ALEXANDRIA BUDGET PROCESS

The City's budget serves as the documentation of the financial, policy, and service decisions that have been authorized for the fiscal year. The **FY 2024 Budget** documents the decisions proposed by the City Manager and adopted with changes by the City Council for the coming fiscal year. This document contains some of the best sources of information on City governmental programs, as well as key financial information for policy makers and managers.

- **Financial Decisions.** The budget provides an estimate of the costs that will be incurred if programs are carried out as planned and the public and private revenues available to finance these activities (through sources such as state and local taxes and grants). The appropriation ordinance adopted by City Council legally authorizes the expenditure of public monies and becomes the approved financial plan for the upcoming fiscal year.
- **Policy Decisions.** The budget reflects decisions made by the City Manager and department directors to prioritize and allocate resources toward providing services that help the City achieve common goals efficiently and effectively. As a management tool, the budget also establishes accountability for the effective and efficient operation of programs and activities and identifies responsibility for the delivery of City services.
- **Service Decisions.** The budget describes the services provided by each departmental program within the City. Each section of this book, organized by department, provides a description of the department's costs and services and their benefit from this investment. Performance data is also provided for each department to quantify levels of service, effectiveness, and quality.

The FY 2024 budget development process began November 5, 2022, when the Office of Management and Budget presented planning for the **FY 2024 General Fund Operating Budget and Approved FY 2024 City Council Budget Guidance** at the **City Council Retreat**. **Alexandria City Public Schools** also presented a similar overview to the City Council providing additional context of the budget challenges anticipated for FY 2024. The **Budget and Fiscal Affairs Advisory Committee** or **BFAAC** also presented a brief report to discuss issues and topics of interest to the committee to City Council as well as present a work plan for the various issues the Committee intends to explore this year.

Based on this information, City Council adopted its **Budget Guidance on November 9, 2022** (www.alexandriava.gov/Budget) for the General Fund budget and City Council adopted the **Budget Process** to be used by City Council to adopt the budget in the spring. City Council budget guidance granted staff the flexibility to propose one budget scenario to balance the budget if the real estate tax rate remains at its current level, and one budget scenario with recommendations for a real estate tax or other tax rate increases.

Based on the City Council's Priorities, City Council's Guidance, input from subject matter experts and Boards, Committees and Commissions, the City Manager provided budget guidance for priority investments in the City government for City Departments. These include investments in equity, environmental justice, civility, transparency, respect, and service. City departments then responded to this guidance by developing formal budget proposals outlining how targeted programs would advance the goals of the City using a specified level of resources (i.e., dollars and staff). Departments were also asked to generate budget reductions and/or revenue increases to help address the budget gap shared at the City Council Retreat.

Individual Department Budget Meetings were held between departments, Office of Management and Budget staff and the City Manager's Office to evaluate each budget submission. Deputy City Managers evaluated the proposals and made recommendations to the City Manager on funding and service levels. Thorough review of each department budget proposal, including each proposal's impact on City Council's Priorities and the scored results of the Budget Equity Tool, informed the City Manager's decision on options for inclusion in the City Manager's Approved Budget.

The City Manager's Approved Budget for FY 2024 outlines the funding levels by department and program that resulted from the deliberation process described above. The City Manager will present the FY 2024 Proposed Budget on February 28, 2023. Throughout February, March, and April, City Council will conduct several **Budget Work Sessions** and three **Budget Public Hearings** (**March 13, 2023 at 5:30 pm, March 18, 2023 at 9:30 am, and April 25, 2023 at 5:30 pm**) to deliberate funding levels for the proposed budget. These deliberations culminated in a preliminary Add/Delete Work Session in which City Council adds and/or subtracts funding for services from the approved budget, while keeping it balanced. City Council adopted the **FY 2024 Budget** on May 3, 2023.

For more information about the capital budget development process, see the *CIP Information* section of this book.

Understanding the Budget

CITY COUNCIL PRIORITIES

In 2022, Alexandria City Council adopted six priorities that have been used to provide a cohesive framework for budget and policy decisions for the next fiscal year. Each of the six priorities will be viewed through the lens of equity, environmental justice, civility, transparency, respect and service. The six priorities have a business plan, which together provide the framework for an interdepartmental approach to achieving city goals. The business plans describe how the City will ensure each priority area is well run, the community receives quality services, and the availability of indicators to track the City's progress.

INDICATORS BY CITY COUNCIL PRIORITY AREA

COVID-19 RECOVERY

- Increase the percentage of eligible residents vaccinated against COVID-19 to target of 80%.
- Reduce the percentage of adults who are obese to below 30.5%.
- Improve the racial equity score of uncontrolled diabetes hospitalizations to a target of 25.
- Improve the racial equity score of hypertension hospitalizations to a target of 25.
- Improve the racial equity score of asthma hospitalizations to a target of 25.
- Annual growth in the City's gross business receipts.
- Annual growth in the City's gross transient lodging sales.
- Annual growth in the City's gross sales receipts.
- Annual growth in the City's gross meals receipts.
- Annual growth in the number of citywide private jobs.
- Annual growth in the percent of commuters using alternative transportation options (bus, metro, biking).
- Increase the percent of City land covered by tree canopy to target of 40%.
- Year-to-year increases in percent of residential units within a half-mile walk to food options.
- Increase the percent of eligible residents that participate in SNAP to Virginia-wide target of 72%.
- Reduction in the rate of eviction summonses filled in the Alexandria General District Court.

COMPENSATION PHILOSOPHY

- Percentage of full time City staff who leave employment with the City of Alexandria during each year.
- Percentage of full time City staff that are promoted to a new position and higher pay grade during each year.
- Annual improvement in the percent of employees that report trust in leadership and managers to lead the City to future success.
- Annual improvement in the percent of employees that are likely to recommend the City government as a place to work.

COMMUNITY ENGAGEMENT

- Annual improvement in resident perception of the City as welcoming Citizen involvement.
- Annual improvement in resident perception of the quality of public information services.
- Annual improvement in resident perception of opportunities to participate in community matters.
- Annual improvement in resident perception of the responsiveness of Alexandria government to resident's requests, questions, and concerns.
- Annual improvement in resident perception of Alexandria government's transparency to the public.

Understanding the Budget

CITY COUNCIL PRIORITIES

INDICATORS BY CITY COUNCIL PRIORITY AREA

DIVERSE HOUSING OPPORTUNITIES

- Reduce the percent of renter households, with incomes below \$50,000, who spend 30% or more of their income on housing.
- Percent of housing providers, tested by the Office of Housing, that are compliant with fair housing laws.
- Increase the number of Alexandrians who received affordable homeownership loan assistance through the City.
- Increase the number of Alexandrians who receive a home rehabilitation loan.
- Increase the number of Alexandrians who receive a rental accessibility modification grant through the City.
- Increase the number of committed affordable housing units created or preserved since FY 2014
- Increase the cumulative number of committed affordable and workforce affordable housing units to align with the Regional Housing Initiatives goals for the City.

YOUTH AND FAMILY SUPPORT

- Increase in the number of five-day-a-week Out of School Time Program sites operated by the City and Campagna.
- Return to pre-COVID peak capacity in Out of School time Program sites for school-aged children operated by the City and Campagna.
- Increase in the percent of children and youth who report having three or more non-parent adult supports.
- Increase the percentage of high school students in Alexandria Public Schools who graduate on-time to target of 92%.

ECONOMIC DEVELOPMENT

- Increase the value added to the tax base by new development projects to target exceeding the 3-year average of \$504M.
- Annual decrease in the percentage of commercial space in the City of Alexandria that is vacant.
- Positive growth citywide in the number of private jobs in Alexandria.
- Annual improvement in resident perception of the quality of the City of Alexandria's economic development services.

Understanding the Budget

BUDGET DOCUMENT ORGANIZATION

The City's financial operations are budgeted and accounted for in a number of **funds**, or fiscal entities that function independently and contain self-balancing sets of accounts that include revenues, expenditures, assets and liabilities. The City has established several separate funds — including the General Fund, Special Revenue Fund, Capital Projects Fund, Internal Services Fund, and the Sanitary Sewers Enterprise Fund — which are described in detail in the **Fund Balance** section of this document.

Most tax and other revenues — with the notable exception of state and federal grants — are budgeted and accounted for in the **General Fund**. Likewise, all expenditures funded by General Fund revenues are budgeted as direct General Fund expenditures. This direct treatment of expenditures is a concession to a more informative budget presentation. Transfers between funds are budgeted twice—once in the originating fund and once in the receiving fund. In order to show the complete appropriation for each fund without overstating actual spending, total revenues and expenditures are displayed with and without inter-fund transfers included.

In contrast to the accounting practices of private enterprises, where the primary focus is the calculation of profits and losses, governmental accounting is directed toward expenditure control and budgetary compliance. The City's accounting function is accomplished by incorporating budgetary accounts into fund ledgers and recording appropriations — expenditure authorizations adopted by City Council. All appropriations are legally controlled at the department level for the General Fund and Special Revenue Funds. Budgets are prepared for the Capital Projects Funds on a project basis and cover the life of the project. The Internal Services Fund is controlled at the total Net Assets level.

Appropriations are administratively controlled by the classification of expenditure — personnel, non-personnel, capital outlays, interfund transfers and debt service — reflected in the budget document. The City Manager may, at any time, transfer any **unencumbered** appropriation (monies that have not been allocated to a specific service or function) within the budget of an office, department, or agency. Transfers of appropriations between expenditure classifications within the same department or agency budget must be approved by the City Manager (or designee).

The City's budget is prepared in accordance with "Generally Accepted Accounting Principles" (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB) and the Auditor of Public Accounts of the Commonwealth of Virginia (APA). These principles are also used to prepare the City's audited Comprehensive Annual Financial Report. The City's budget applies two different accounting methods depending on the nature of the fund.

- **The modified accrual basis of accounting** is used to prepare the budgets of the General, Special Revenue, and Capital Projects Funds. Under this method of accounting, revenues are recognized in the period that they become measurable and available. With respect to real and personal property tax revenue and other local taxes, the term "available" is limited to collection within 45 days of the fiscal year-end. Federal and State reimbursement-type grants are recorded as revenue when related eligible expenditures are incurred.
- **The accrual basis of accounting** is used to prepare the budget and financial statements of the Proprietary Funds. Under this method of accounting, revenues are recognized when earned and expenses are recorded when liabilities are incurred without regard to receipt or disbursement of cash.

Once approved, the budget can be amended either by the re-appropriation ordinance (generally in November) or by supplemental appropriation ordinances (generally 2-3 times during the fiscal year). A re-appropriation ordinance allows encumbered monies (monies allocated to a specific service of function) from the previous fiscal year to be recognized in the current fiscal year. These encumbered monies are identified specifically within the previous fiscal year's Comprehensive Annual Financial Report. A supplemental appropriation ordinance amends the budget for grant programs to reflect actual revenue received and to make corresponding balancing adjustments to grant program expenditures. A supplemental appropriation also amends the budget for duly-docketed City Council items during the fiscal year that increase or reduce the current fiscal year appropriation. A supplemental appropriation ordinance may, therefore, either increase or reduce the City's total budget from the original approved budget appropriation.

For more information on financial policies for the City of Alexandria, refer to the **Legislative References** section of this document.

Understanding the Budget

CITY OF ALEXANDRIA, VIRGINIA Health Department

Alexandria Health Department's (AHD) (an agency of the Virginia Department of Health) mission is to protect and promote health and well-being for all Alexandria communities and includes serving Virginia residents and others as required by Virginia Department of Health and/or federally funded services. AHD Public Health Specialty Clinics are essential elements of Alexandria's safety net system. Preventive Clinic services and programs, unique to AHD, include the Nutrition/Infants, and Children (WIC) Program, Immunization Clinic, Family Planning, Reproductive and Sexual Health Clinic, HIV/AIDS Management/Baby Care, and the Tuberculosis Program. The AHD's Environmental Health Division operates Food Safety, and Emergency Management helps Alexandria communities prepare for disasters. The Medical Reserve Corps, a program to recruit, train, investigate, monitor, and offers guidance to prevent and control disease outbreaks. AHD's Population Health Division provides research, policy development, and public health leadership to Alexandria organizations and communities so all Alexandrians have an equal opportunity for health.

The first page of each department section provides an introduction to the department, providing an overview of department structure and high-level programs.

AHD, with the assistance of all City Departments, has served and continues to serve as the City's lead in COVID-19 related matters. The City has used the FEMA recommended Incident Command System (ICS) principals and structure to create a parallel unified command structure to combine the forces of AHD, City agencies and outside organizations.

Health Department

EXPENDITURE SUMMARY

	FY 2022 Actual	FY 2023 Approved			
Expenditures By Character					
Personnel	\$2,052,405	\$2,511,928			
Non-Personnel	\$4,990,141	\$5,800,472			
Capital Goods Outlay	\$0	\$78,642			
Total	\$7,042,546	\$8,391,042		\$685,376	8.2%
Expenditures by Fund					
General Fund	\$6,607,610	\$8,230,175	\$8,951,035	\$720,860	8.8%
Other Special Revenue	\$80,136	\$82,225	\$85,383	\$3,158	3.8%
Internal Service Fund	\$0	\$78,642	\$40,000	(\$38,642)	-49.1%
American Rescue Plan	\$354,800	\$0	\$0	\$0	0
Total	\$7,042,546	\$8,391,042	\$9,076,418	\$685,376	8.2%
Total Department FTEs	18.25	20.25	22.25	2.00	9.9%

These two tables represent the same budget totals, but are presented differently. The first table presents information by character or category of expense. The second table displays information by fund.

FISCAL YEAR HIGHLIGHTS

- The Alexandria Health Department's (AHD) personnel expenditures increases include standard step and benefit rate adjustments; and the addition of 1.0 Health Equity Program Manager and 1.0 Teen Wellness Center Administrative Support II position.
- Non-personnel costs increases are due to a \$0.5M increase in the City Match amount for rent costs at Mark Center.
- Capital goods outlay decreases are due to a reduction in equipment replacement expenses based on vehicle replacement assumptions for FY 2024.

Also included are highlighted budget changes for the upcoming fiscal year.

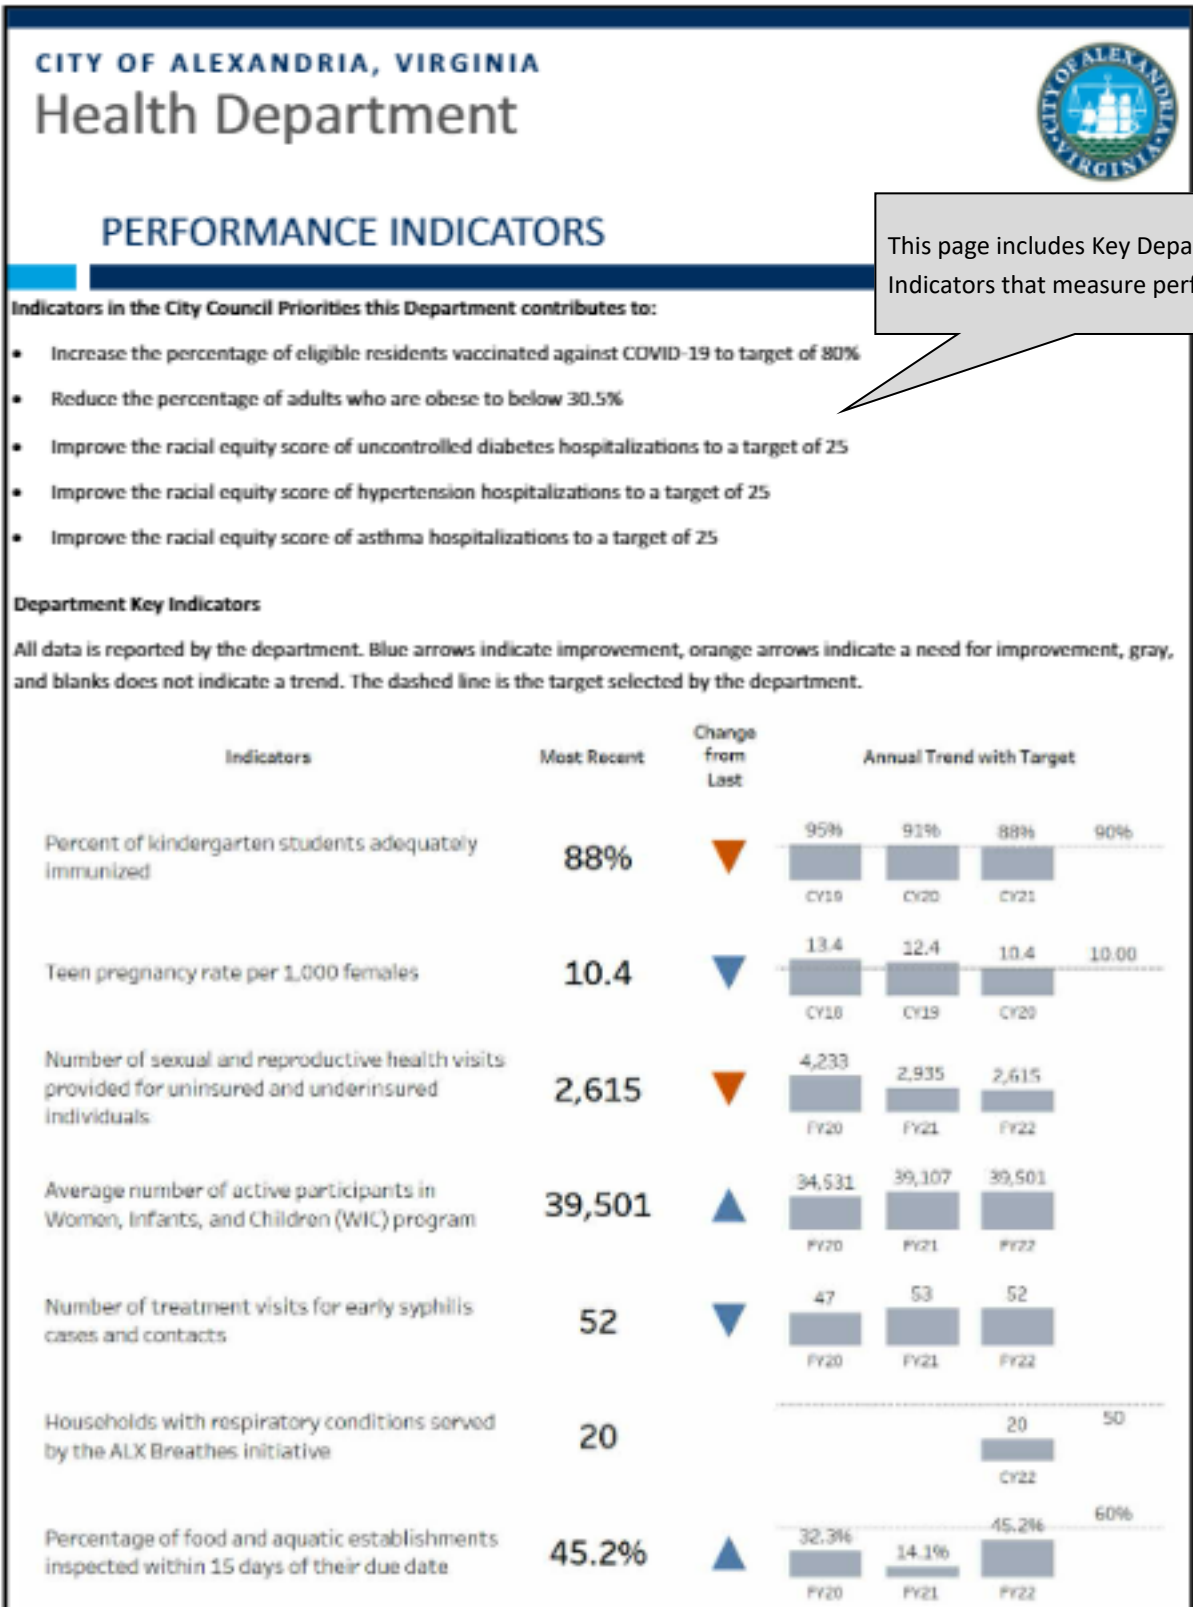

Understanding the Budget

CITY OF ALEXANDRIA, VIRGINIA Health Department		
DEPARTMENT CHANGES TO CITY SERVICES		
Adjustments	FTE	Amount
TOTAL FY 2023 APPROVED ALL FUNDS BUDGET		
All Programs		
Current services adjustments reflect the change in cost of continuing current services into the next fiscal year, including regular increases and/or decreases in salaries and benefits, and a vacancy savings factor.		
Family Planning Services		
Revenue Adjustment—The State's Family Planning Grant will reimburse 100 percent of the salary and benefits of the City Health Department's Nurse Aide. This change in position reimbursement will reduce the Health Department's General Fund costs by \$8,843 with no impact on the provision of family planning services to the community.	0.00	\$0
Community Based Health Services		
Revenue Adjustment—The State's Emergency Preparedness Grant will reimburse 20 percent of the salary and benefits of the City Health Department's Epidemiology Supervisor. This change in position reimbursement will reduce the Health Department's General Fund costs by \$27,990 with no impact on the provision of epidemiological services to the community.	0.00	\$0
Health Equity		
Health Equity Program Manager—The Health Department is receiving a grant funded Health Equity Program Manager to address health inequities and chronic health conditions in Alexandria. This position will coordinate programs to address chronic diseases throughout the City. State grant funds are available to reimburse the City for 100% of this position's costs.	1.00	\$125,356
Case Management/Baby Care		
Teen Wellness Center Administrative Support II—The Health Department is receiving a full-time Administrative Support II position for the Teen Wellness Center at the Minnie Howard Campus. This position will provide administrative support to the existing Public Health Nurse II position to concentrate on the intersection of students' physical and mental health, act as a liaison to DCHS and ACPS mental health practitioners, and follow up with students recommendations made by Teen Wellness Center (TWC) staff and by DCHS and/or ACPS mental health practitioners.	1.00	\$56,608
TOTAL FY 2024 PROPOSED ALL FUNDS BUDGET	22.25	\$9,076,418

Changes to the services or funding of a department are identified by their program and are summarized in this table, in terms of FTE, financial and service impacts.

Understanding the Budget

CITY OF ALEXANDRIA, VIRGINIA
Health Department

SERVICES PROVIDED BY DEPARTMENT

Service	
Administration and Leadership	Provides strategic planning for and direct human resource management to attract, provides financial management to plan, management to oversee infrastructure.
Aquatic Health & Safety	Regularly evaluates pools and spas to reduce the risk of drownings, water-borne illnesses, and injuries. Issues permits to ensure compliance with required local codes. Provides consultation for businesses, developers, and communities constructing or renovating aquatic health facilities in the City.
Community Health Partnering	Coordinates coalition building, collaborative planning, and community action for Alexandria to facilitate a healthy and thriving community.
Food Safety	Inspects food facilities within the City for compliance with State and local codes to ensure food safety. Grants and manages food permits. Staffs the City Permit Center to provide a one-stop shop (offering permits and food safety advice) for restaurants.
Health Data Surveillance & Reporting; Reportable Disease Management/Tracking	Collects, analyzes, and interprets data, and monitors health trends to enable data-driven development of policies and programs; investigates communicable diseases to help schools, healthcare facilities, daycares, and the community; prevent, limit, and halt the spread of illnesses.
Public Health Emergency Management	Prepares for, responds to, and plans recovery from natural and man-made emergencies.
Teen Wellness Center	Provides outpatient clinical services to the Alexandria youth age 12-19 years of age to help ensure academic success.
Vector Control	Responds to complaints. Advises residents and businesses on how to best prevent and control vector-borne illnesses. Monitors the application of insecticide to City storm drains by third-party contractors.
City Match & Supplement	Local Government Agreement with the State (VDH) for required match funding and supplement.
Family Planning Services	Provides sexual health clinical services, comprehensive family planning, and related preventive health services for low-income women and men.
HIV Prevention	Coordinates HIV prevention activities with community partners and City agencies. Provides education to individuals and groups. Provides support to the HIV/AIDS Commission.
Nursing Home Screening	Provides required screenings for adults and children eligible for Medicaid-reimbursed in-home care.

This page includes a list of services, and a description of each service.

Total Expenditures (All Funds)	\$7,042,546	\$8,391,042	\$9,076,418	\$685,376	8.2%

On this page, program level expenditure data are summarized for FY 2023 and the prior two fiscal years.

- Leadership and Management's expenditures saw standard step adjustments and benefit rate increases, which are fully offset by decreases in equipment replacement expenses based on planned vehicle replacements for FY24.
- The City Match and Supplement to State Budget program is increasing by \$0.57M due to an increase in the City Match amount for rent costs at Mark Center.
- Community Based Health Services expenditures saw standard step adjustments and are increasing due to standard step adjustments and benefit rate increases, which are fully offset by employee turnover savings.
- Environmental Health expenditures are increasing due to standard step adjustments and benefit rate increases, which are fully offset by decreases in equipment replacement expenses based on planned vehicle replacements for FY24.
- Health Equity expenditures are increasing due to the addition of a grant-funded Health Equity Program Manager.
- Case Management/Baby Care expenditures are increasing due to the addition of an Administrative Support II position at the Teen Wellness Center.

This page also includes notes regarding significant FTE changes to each program.

On this page, program level FTE data are summarized for FY 2023 and the prior two fiscal years.
